

NAVIS COLLECTION

Navis collection

designed by Morten Svendsen

The Navis dining table and its modern, classic design has a hidden pull-out leaf at both ends of the table for easy extension. The nicely curved tabletop with solid edges comes in a variety of wooden finishes as well as hard-wearing laminates in a wide choice of colours. As an extra design feature the oak version has a solid walnut insert at the top of the legs and on the walnut version this insert will be solid oak.

The Navis range of sideboards, highboards and display cabinets are veneered with rounded solid edges with mitre joints and rounded, tapered solid legs matching the legs of the table. All cabinets are also beautifully veneered at the back, which means they can be free standing.

Enjoy.
